MARTEC II ERA-NET was funded
by the ERA-NET scheme under the
Seventh Framework Programme
2011 – 2014.

Application Procedure

The procedure is a one stage application procedure similar to the last call. Consortia should upload the MARTEC full proposal form, in addition to any further information required by the relevant national funding organisation (see specific regulations). Full proposals will be evaluated by national procedures.

Latest Information

Latest news and partner search (expression of interest) for the call is available at the MARTEC web page in the submenu „open call“ (www.martec-era.net/opencall).

What do you want to research in 2016?

Transnational Call Maritime Technologies

Deadline April 29th 2015

www.martec-era.net

Call in Maritime Technologies

MARTEC will open a transnational call up to April 29th 2015 for collaborative research projects in the following areas of maritime technologies.

| MARTEC Call Priority Areas | BY | DE | FR | LT | NO | PL | UK |
|--|----|----|----|----|----|----|----|
| shipbuilding - new ship types, structures, ship design | | | | | | | |
| shipbuilding - production process and technology | | | | | | | |
| maritime equipment and services | | | | | | | |
| ship and port operation services | | | | | | | |
| inland water and intermodal transport | | | | | | | |
| offshore industry / offshore technology | | | | | | | |
| offshore structures for renewable energy | | | | | | | |
| polar technology | | | | | | | |
| fishing / aquaculture | | | | | | | |
| safety | | | | | | | |
| security | | | | | | | |
| environmental and climate impact | | | | | | | |
| human elements | | | | | | | |

Please have in mind that some areas (areas marked white in the table above) will not be supported by all funding organisations. Funded areas are defined more precisely in the national research programmes. Please, visit the MARTEC web page for more details (www.martec-era.net/opencall). Financial support will be awarded by the national funding organisations for project duration of up to 36 months. Priority for funding will be given for projects which include at least

one independent industrial participant from each involved country. Only projects, which receive funds from at least two countries, will be supported by MARTEC partners.

The research projects initiated by this call can apply for finance from the following ministries and funding organisations:

Belarus National Academy of Sciences of Belarus (NASB)

France Ministry of Ecology, Sustainable Development and Energy (MEDDE)

Germany Federal Ministry of Economic Affairs and Energy (BMWi)

Lithuania Klaipėdos Universitetas (KU)

Norway Research Council of Norway (RCN)

Poland National Centre for Research and Development (NCBR)

UK Innovate UK

There are funds available in Sweden. Guidance will be given by the Swedish Maritime Administration (SMA)

Mr. Göran Rudbäck
Email: goran.rudback@sjofartsverket.se
Phone: +46 708 191 228

The participation of applicants from other countries is allowed if a national organisation is willing to fund successful national participants.
